

Backpack vacuum that is battery powered

The Nilfisk GD 5 Battery vacuum cleaner offers all you need to get the job done faster - leaving the need for cords and power outlets behind you. The backpack design will let you work with ease! Being compact and mobile, the Nilfisk GD 5 Battery will deal effectively with dust in facilities with limited space between seats, tables, and shelves. The machine is an ideal choice for cafes, restaurants, shops, cinemas, auditoriums and conference rooms, as well as transportation.

When the going – and the dirt – gets tough, just turn on the boost function and extra suction power will be added to ensure an optimal cleaning performance. It all happens at a speed which cannot be matched by mains powered vacuum cleaners, and thanks to the best in class sound pressure level from just 60 dB(A), daytime cleaning is an option worth considering. Adding to this extreme mobility, the machine has a long runtime and best in class charge time of only 40 minutes to ensure an extraordinary productivity. Switching between two 36V Lithium batteries will enable you to work non-stop. Just put it on and get going!

- Maximum freedom and mobility thanks to the cordless and ergonomic backpack design
- High productivity with up to 60 minutes of runtime on a fully charged 36V Lithium battery
- Best in class charge time of only 40 minutes offers continuous cleaning with the use of two batteries
- Safer cleaning environment for guests, visitors and the operator with no cord to trip over
- Optimal performance with boost function adds suction power for heavy duty cleaning
- Low sound pressure level enabling cost-effective daytime cleaning
- Optional HEPA filter available for optimized air quality
- One year commercial warranty

Technical specifications

GD5 BATTERY
AUS/NZ

Battery charge time (min.)	≤ 40
Battery run time (min.)	60/30
IP protection class	IP20
Rated power (W)	650
Power consumption (W)	190/465
Battery type	Lithium Ion
Suction power end of tube (W)	45/116
Airflow (L/sec)	21.7/26.7
Sound pressure level at 1.5 m with nozzle (dB(A) ISO 11203)	60/65
Sound power level (dB(A) IEC 704)	73/78
Dust bag capacity (L)	5
Main filter area (cm²)	35
Sack filter area (cm²)	1397
Number of filters	2
Length x width x height (mm)	240x330x755
Weight (kg)	5.3
Weight with batteries (kg)	8
